

## NO REPEAT CUSTOMERS!

At Pure Solutions, your business is important. But we do not want any repeat customers! That's why we place a great deal of effort on helping you learn how to avoid unmanageable debt in the future. Please take advantage of the resources available to you, and visit our website frequently to stay abreast of the latest news and learning opportunities.

### MONEY-BACK GUARANTEE

The Pure Solutions process is a very thorough system for providing assistance to you. Within that process is a detailed seven-page questionnaire called a Debt Collector Disclosure Statement, which utilizes the laws that are in place for your protection. If a respondent from the collection agency fills this document out completely, provides all required paperwork within the allowed 31 days, and signs and takes full responsibility for the information provided, Pure Solutions will fully refund the customer for that specific debt.
